

# Brisbane Stadium Early Works Commence

Artist Impression. Early design concept only

Victoria Park is undergoing a period of renewal as the future home of the new Brisbane Stadium and National Aquatic Centre.

## Brisbane Stadium early works

From August, Brisbane Stadium early works will commence with contractor BMD establishing site offices and starting site mobilisation activities.

## What to expect

Work onsite throughout August will include:

- site office establishment and building fit-out
- site surveying and in-ground service identification
- delivery of large machinery and plant to site (including out-of-hours to accommodate traffic requirements)
- commencement of vegetation clearing works including topsoil stripping
- construction of internal haul roads
- installation of environmental controls and exclusion zones
- installation of semi-permanent site fencing
- demolition of redundant infrastructure and services
- historical and cultural heritage surveying.

## Work hours

Construction activities are planned during standard works hours of 6.30am and 6.30pm, Monday to Saturday.

For any required out-of-hours or night works, impacted stakeholders will be notified individually.

All work is subject to approvals, construction conditions and weather. GIICA is committed to

minimising the impact of construction activities on the surrounding community as much as possible.

## National Aquatic Centre update

ARM Architecture, Arkhefield and NH Architecture have been appointed Principal Architects for the National Aquatic Centre. GIICA will take possession of the Spring Hill side of Victoria Park from 1 September 2026.

Information on site establishment activities will be detailed in the next Construction Update distributed ahead of 1 September.

To learn more about the new National Aquatic Centre please visit [giica.au](http://giica.au).

## Stay informed

Please sign up for updates at [giica.au/contact](http://giica.au/contact) or by scanning the QR code. Alternatively, if you have any questions, speak to a member of the Victoria Park team on **1800 021 023** or email [info@giica.au](mailto:info@giica.au).

*GIICA is committed to reducing and mitigating impacts to vegetation within Victoria Park resulting from the construction of Brisbane Stadium and National Aquatic Centre.*

*As part of this commitment GIICA is investigating precinct-based mitigation measures including seeding and tree relocation, and beneficial reuse.*
