

Personal Information Collection Notice

The Games Independent Infrastructure and Coordination Authority (Authority) collects your personal information using this form to add to the Authority's mailing list. The Authority will use this to contact you about Games-related matters, including planning, coordination and delivery of Games-related infrastructure and activities.

If you have indicated a preference for the types of information that you are interested in receiving, the Authority may include those types of information in the emails that it sends you. The Authority may also send you messages tailored to your postcode.

You consent to the Authority contacting you by email.

The Authority will disclose your personal information to the following entities for the purpose of contacting you and to monitor email traffic for system trouble shooting and maintenance purposes only:

- The platform service provider Vision6. You can read the Vision 6 Privacy Policy [here](#).
- The internet service provider AWS.
